

FAMILY ALLERGY & ASTHMA CARE

August 1, 2020

Dear patients and families,

It has been a privilege to get to know you and participate in your care at Family Allergy & Asthma CARE. I regret to inform you that I will not be at FAAC going forward, but I want to ensure continuity of excellent care for you.

As some of you know, I am a mom to an 18-month-old son and a 6-year-old daughter, and a caretaker for my ill parents. I am taking some time to care for my family. Getting to know patients brings joy and growth to my life, and I will be active again when my loved ones are settled.

If you have any questions regarding your ongoing care or how to obtain a copy of your medical records please call 972-539-0086.

Your continued care is in good hands with the providers at Family Allergy & Asthma CARE. I wish you all the best.

Sincerely,

A handwritten signature in black ink that reads "Sasha Alvarado". The signature is written in a cursive, flowing style.
